

## Euro'cryor joins the Epta Group

**Epta, an international group operating** in the sector of commercial refrigeration systems for the large retail market through its trademarks Costan, Bonnet Névé, BKT and George Barker, has announced the acquisition – from the Gasser+Partner Group – of Euro'Cryor, a multinational company specialising in the manufacturing of refrigerated displays for the high end of the market.

Established near Padua (Italy) in 1991 Euro'Cryor soon specialised in the production and marketing of assisted and plug-in refrigerated displays. The company develops in-home all aspects of its products according to the requirements of specialised stores or dedicated areas at points of sale such as butcher's, delicacies and regional products. A world-class company with branches in Austria, Germany, UK, Russia, Mexico, Chile and USA, Euro'Cryor reached a turnover of over 25 million euros in 2007, the year that marked the peak of its business expansion throughout the world, and has two major manufacturing plants in Italy and Austria. Epta is proud of joining with a company like Euro'Cryor, which will make it possible to enlarge

its present range of products with flexible and tailor-made solutions for upmarket points of sale, while at the same time strengthening its market coverage of East Europe, South America and the Middle East.
